Northwest Off-Road Championship Series

A GENERAL RULES AND RIDER CONDUCT

A(1) Every and all participants, pit crew members, and any other person associated with an event participant shall be bound by these rules.

A(2) Riders are responsible for the actions of their pit crew, and may be subject to penalty for violations of rules by any person associated with them.

A(3) No rider shall at any time ride in a manner that endangers the safety of other riders, officials, or the public, and when in violation of this rule shall be subject to immediate disqualification and suspension by the NORCS official.

A(4) Verbal and physical abuse between riders and/or crew members will not be tolerated. While a certain amount of rubbing is expected in racing, intentionally ramming, T-boning or any other takeout move is unacceptable. Such conduct may result in an immediate disqualification from the event. Any penalties shall be at the discretion of the NORCS Series official.

A(5) Riders must remain on the marked course (no more than 20 feet from a course marker/ribbon) or in designated pits. When there are two course markers or ribbon markers, one marker on the left and one marker directly to the right, the rider must stay between the markers. A rider may not short cut a turn on the inside of a turn, to the left or right, even if the rider is less than 20 feet from a course marker. A rider accidentally (i.e., missing a turn or arrow, crashing, etc.) leaving the course can only continue in the event by returning to the point where he or she had left the course. A rider may not leave the course with their bike to shortcut to the pits. Running out of fuel on the course requires refueling to occur where the machine ran out of fuel, or the rider may push on the marked course by the rider alone. No assistance by pit crew members or spectators is allowed in the refueling process when out of the designated pit area. (This includes taking fuel outside of the pit area.) A rider must return to the pit area by foot to acquire fuel then back the bike with no assistance. In general, the bike must remain within 20ft of the marked course. It is permitted for another race participant to offer fuel. This participant must be racing in the race that is currently on course. Intentionally leaving the course with the bike for any reason will subject the rider to immediate disqualification or penalty fitting determined by the NORCS official.

A(6) No contestant shall ride backwards along the course at any time for any reason. Violators will be subject to immediate disqualification.

A(7) If a rider is intending on entering the pits, they must do so through the designated "Pit Entrance" boards and maintain a maximum of 5mph throughout the pits to the designated "Pit Exit" boards. If the rider intending on entering the designated pit area, misses the entrance, they are NOT PERMITTED to turn around on the course to enter the pits or enter the pits through the pit exit. Any rider that turns around to enter the pits or entering the pits through the pit exit will be penalized by the NORCS official which may include disqualification.

A(8) At no time may a rider's bike be running during refueling.

A(9) A rider may receive as much outside assistance necessary working on or replacing parts, refueling etc. only in the designated pit area. A rider is not permitted to receive any help attending to his or her bike outside the designated pit area. This includes having tools, parts or fuel taken to them outside the designated pit area.

A(10) A rider is permitted to have water or rehydration fluids, and vision protection for his or her persons given to them along the course. This excludes the area within 100ft of any scoring or any check point area. Violations will result in a hold penalty at the scoring check.

A(11) No rider will be allowed to compete when under the influence of any intoxicant or drug that could impair performance or give an unfair advantage. Any rider observed to be riding under the influence of drugs or alcohol will be immediately removed from the course and disqualified.

A(12) Rider will be responsible for all information presented at the riders' meeting. That information is considered a part of the event rules and instructions.

A(13) Any rider who intentionally defaces, changes, or destroys markers, or causes the same to be done, shall be disqualified from the event.

A(14) If during an event the NORCS official has determined that a unsportsmanlike incident, or a rule infraction has occurred, the NORCS official has the authority to administer a hold penalty at the scoring check suitable to the infraction. Such penalties could include: false starts, taking lines determined to be off the marked course, exceeding 5mph in pit area, refueling with motor running, assistance on bike repair or refueling outside of the designated pit area, or any other action determined to be unsportsmanlike or dangerous to other riders or spectators.

B RIDER CLASSIFICATION

B(1) Classes run at the event shall be as shown below. All participants are required to have the correct class-designating 2.5" color dots displayed on the back of their helmet. In case the class designating dots are not displayed, the rider is subject to be held at the scoring check and assessed a time penalty. These colored dots are available at sign-up. Team classes will be distinguished by the color of the punch card on the exchanged arm band.

B(2) NORCS Classes and class designation colors.

KIDS RACE	SHORT COURSE 1	SHORT COURSE 2	LONG COURSE
Kids 9-12 - Blue	Open C - Blue	Sportsman Ex - Blue	AA - Florescent Red
Kids 8 & Under - Yellow	200 C - Yellow	Super Senior A - Yellow	200 A - Yellow
Girls Beginner - Purple	Women Am - Purple	Super Senior B - Purple	Vet A - Purple
	Masters - Orange	Senior B - Orange	Senior A - Orange
	15 & Under - Silver	Senior C - Silver	Open B - Silver
	85/150 Am - Green	Vet C - Green	Vet B - Green
	85/150 Ex - Black		200 B - Black
			Women Ex - Pink
			Team Ex - Blue Tag
			Team Am - White Tag

B(3) If age is a factor in the class you will ride in, you must be of that age on the day of every event scored for your season total. These classes are only open to riders within these age groups: 9-12, 8 & Under, Girls Beginner 14 & Under, 15 & Under

B(4) 200-A and 200-B classes are open to riders of any age, bikes displacing up to 200 cc 2-stroke and up to 250 cc 4-stroke. These classes ride the Long Course race.

B(5) Open-A and Open-B classes are open to riders of any age and any engine displacement, 2-stroke or 4-stroke. These classes ride the Long Course race.

B(6) Vet A, B and C classes are open to riders who are 30 years of age and older, any engine displacement, 2-stroke or 4-stroke. Vet C ride the Short Course 2 race, Vet A and B ride the Long Course race.

B(7) Senior A, B and C classes are open to riders who are 40 years of age and older, any engine displacement, 2-or 4-stroke. Senior A will ride the Long Course race, Senior B and C ride the Short Course 2 race.

B(8) Super Senior A and B classes are open to riders who are 50 years of age and older, any engine displacement, 2-stroke or 4-stroke. These classes ride the Short Course 2 race.

B(9) Masters class is open to riders who are 60 years of age and older, any engine displacement, 2stroke or 4-stroke. This class rides the Short Course 1 race.

B(10) C-classes are limited to riders who are new to competition, any age, 2-stroke or 4-stroke. The 200-C class is for bike displacements up to 200 cc 2 stroke or up to 250cc 4 stroke, and the Open-C class is for any bike displacement. These classes ride the Short Course 1 race.

B(11) Sportsman Expert class is for expert riders who do not wish to ride the long course. This class rides the Short Course 2 race.

B(12) Women Expert and Women Amateur classes are open only to women, any age, any displacement, 2-or 4-stroke. The Women's Ex Class rides the Long Course race, and Women Am Class rides the Short Course 1 race.

B(13) The 85/150am class is open to all ages on 85cc/150cc "Race Bikes." This class rides the Short Course 1 race. The 85/150ex class is open to all ages on 85cc/150cc "Race Bikes." This class rides the Short Course 1 race.

B(14) The 8 & Under, 9-12 and Girls Beginner 14 & Under classes are for entry level riders riders. No 85cc/150cc "Race Bikes" permitted in the 8 & under or 9-12 classes. These classes will ride the Kids Race. 1 parent, sibling, or custodian is permitted and encouraged to follow riders who are not able to pick up or start their own bike. The adult following the rider MUST NOT impede the progress of faster riders. If caught by a faster rider the adult must immediately move to the side and let riders by. Any adult impeding another riders progress, will be subject to the penalization of their rider. Any adult on the course during the kids race MUST stay with the child they are following.

B(15) The 15 and Under class is open only to riders age 15 or under. Girls Beginner 14 & Under is open to girls aged 14 and under. 9-12 is open to all riders aged 12 or under (85cc or 150cc "Motocross" race bikes are not permitted in this class). 8 & Under is available to riders aged 8 or under (85cc or 150cc "Motocross" race bikes are not permitted in this class). The 8 & Under, 9-12 and Girls Beginner classes are for entry level riders.

B(16) The NORCS series will be following the level of competition throughout the season. With the use of event results, and electronic lap times, the NORCS official will determine which riders will need to ride a class higher in ability the following season. At no time will NORCS move a rider to the AA class. A rider who completes and finishes an event is not allowed to ride a lesser ability class at a future event without the approval of the NORCS official. (Example. A rider who signs up and finishes 1 B class event is not permitted to sign up for a C class at a future event, unless the NORCS official grants the request).

B(17) Race durations are as follows

KIDS RACE: 30 Minutes

SHORT COURSE 1: 70 Minutes Plus 1 Lap

SHORT COURSE 2: 70 Minutes Plus 1 Lap

LONG COURSE: 2 Hours Plus 1 Lap

The official "Race Time" will be displayed at the finish scoring check. A digital countdown clock will be displayed. In the case of a clock malfunction, the NORCS official will have a stopwatch with the official time. When the time allotted per race expires, the overall leader on course will receive the white flag to complete 1 additional lap. (Example... The overall race leader comes through the finish check at 75 minutes into the race; at that point the white flag will be displayed until he returns for the checkered. This does not apply to the Kids Race. Once the overall leader has finished and taken the checkered flag, the final course sweep will begin. At that time the sweep rider will determine if a rider is unable to get to the finish check in a reasonable amount of time. Every rider will have ample time to finish their final lap. Once its determined that the rider is unable to get back to the checkered flag due to mechanical or any other reason outside of their control, the sweep rider has the authority to pull the rider from the course resulting in a DNF.

B(18) Team Ex and Team Am riders are required to exchange riders every lap. Team class riders may only exchange armbands within the designated pit area, and must abide the pit speed limit of 5mph.

B(19) For a rider to earn credit for the event and series points, the rider MUST NOT leave the course for any reason, and MUST ride across the finish line and receive the checkered flag. Any rider that leaves the course or does not receive the checkered flag will be considered a DNF. Any rider that passes through the finish/scoring check is then obligated to complete another lap.

B(20) Race length may be shortened on race day due to inclement conditions. This determination will be made by the NORCS official.

C EQUIPMENT

C(1) All internal combustion motorcycles must have a securely fitted muffler that limits exhaust noise to a maximum of 102 dB(A) for air-cooled bikes, and 98 dB(A) for water-cooled bikes.

C(2) Studded tire(s) are prohibited. Paddle tires are prohibited.

C(4) A rider shall use only the one motorcycle on which they started the event. The same rider must ride the same bike over the entire course and event. Substitute or alternate riders or bikes may not be used and result in disqualification.

C(5) Each rider is solely responsible for ensuring that their motorcycle is in safe operating condition. No technical or safety inspection is offered or required.

D PROTESTS

D(1) Individual results will be posted for 15 minutes to permit protests of errors in scoring. The riders will be advised the time of posting and any protest against scoring must be submitted within 15 minutes. If a scoring question is noticed in the days following the event, no later than 5 days from results being posted to the web site, the NORCS official may be contacted for further investigation. If there is an undisputable error found, an adjustment will be made to series points, but the day award is forfeited.

D(2) Protests relating to the event itself or protests against other riders must be filed immediately upon the protesting rider's return to the start/finish area. Where these protests affect other riders, they should be posted with preliminary results.

D(3) No protest will be heard that questions an error in the marking of a scorecard at a checkpoint. It is the responsibility of the rider to confirm that their scorecard was punched correctly while they are at the checkpoint. Any discrepancy must be corrected before the rider leaves the checkpoint. It is also the responsibility of the rider to ensure their transponder has been entered correctly into the sign-up computer and placed correctly on the front of the front number plate horizontally. If placed in a position other than the front of the front number plate, there is potential for the tag not to read as designed. If this is the case, it is the error of the rider.

D(4) Protests involving the course will be verified by the NORCS official, which must include the protesting party.

D(5) Protests may be filed only by a rider or riders entered in the event. All protests should be filed as early as possible with a NORCS official, and must be filed before the end of the 15 minute results posting period.

D(6) If during an event the NORCS official has determined that a unsportsmanlike incident, or a rule infraction has occurred, the NORCS official has the authority to administer a hold penalty at the scoring check suitable to the infraction. Such penalties could include: false starts, taking lines determined to be off the marked course, exceeding 5mph in pit area, refueling with motor running, assistance on bike repair or refueling outside of the designated pit area, or any other action determined to be unsportsmanlike or dangerous to other riders or spectators.

E SEASON POINTS

E(1) All NORCS events will earn series points. A rider is allowed to miss 1 event and still be eligible for series points and awards. Anybody who starts the event will receive credit for attending the event (even if a DNF is received).

E(2) Series points scale is as follows.

Place	Points	Place	Points	Place	Points	Place	Points
1st	25	6th	15	11th	10	16th	5
2nd	22	7th	14	12th	9	17th	4
3rd	20	8th	13	13th	8	18th	3
4th	18	9th	12	14th	7	19th	2
5th	16	10th	11	15th	6	20th	1

Anybody finishing the event (receiving the checkered flag) will receive a minimum of 1 point.

E(3) Season overall championships: A rider who wins a "Class Championship" will race all NORCS series events the following season at no charge. This is not transferable. (AA and Kids Classes are exempt.)

E(4) Season awards will be presented the evening following the final round of the series.

E(5) Series points ties will be broken by the following formula:

- a. Most class wins during the season.
- b. Most second place finishes during the season.
- c. The better finish in the last race the racers that are tied all competed.

E(6) To deter “sandbagging,” riders demonstrating a dominance in a lesser class (i.e., C or B, Novice or Intermediate, etc.) as determined by the NORCS official, may be required to move to the next higher class after the season has already begun. This will be determined by electronic scoring and lap times displayed.

5E(7) Minimum events needed to qualify for the series: 6 of the 7 races must be attended and started to qualify for series points.

E(8) Sportsman Points: Under special circumstances, and only by approval of the NORCS Official Sportsman Points may be awarded to a racer who significantly compromised their finish position because they provided assistance to another racer, a marshal, or spectator who is injured or at risk of injury. Sportsman points are calculated by averaging the riders average finish points received.

F Program

F(1) Starts will be dead engine unless otherwise determined by the NORCS official. There will be a 10 second warning given to each row prior to the start. When the 10 second warning is announced, the start official will determine to lift the green flag any time during that 10 seconds. In the case of a false start, the party or parties responsible will serve a 1 minute hold penalty at the completion of the first lap.

F(2) Start waves determined by class.

KIDS RACE	SHORT COURSE 1	SHORT COURSE 2	LONG COURSE
Kids 9-12	Open C	Sportsman Ex	AA
Girls Beginner	200 C	Super Senior A	200 A
Kids 8 & Under	15 & Under	Senior B	Vet A
	Women Am	Super Senior B	Senior A
	Masters	Vet C	Open B
	85/150 Am	Senior C	200 B
	85/150 Ex		Vet B
			Women Ex
			Team Ex
			Team Am

F(3) The NORCS Official has the authority to combine classes into the same start waive.

F(4) Anybody found riding the course within 3 days before the start of the event will be subject to disqualification. Walking or riding mountain bikes is permitted. At no time can any persons other then NORCS officials make changes to arrows, ribbon or any other course markings. It is permitted to ride open motocross practice if the facility offers it. At no time can any portion of the course with the exception of the MX track be ridden by a motorized vehicle.
